

VIP Executive Jet Transfers

Today, Air-Dynamic organizes scheduled and charter jet transfers for groups of VIP's large and small and regularly uses heavy jets such as the Falcon 7X, Challengers 850/605 and Legacy 600 for longer flights and also smaller, practical yet comfortable jets such as the Cessna Mustang or the CL300 and Citation series for shorter distances. Tell us when, how many passengers, your desired destination and we will guarantee

you the highest standard aircraft/operator combination at the best price. Due diligence, constant research and tracking of the market allows, through proper planning, a far superior alternative solution to what would otherwise be considered as a regular transfer at a competitive price. The objective on every occasion is value for money without compromise.

FALCON 8X
