CESSNA | Citation CJ1

MAXIMUM PASSENGERS

5

MAXIMUM RANGE

2'076 KM

RELIABLE AND SIMPLE

The CJ1 is extremely easy to fly and can be single-pilot operated. The Citation line was designed for forward-thinking businessmen that would fly their own private jets to and from business meetings, resulting in several automated systems and a simple avionics system. For those that don't plan to fly their own jet, its ability to be flown by a single pilot offers greater flexibility in flight operations and reduced direct operating cost.

Another of the CJ1's strong points contributes to its low operating cost as well: the simplicity (but reliability) of its flight systems.

LOWER PRICE MORE FEATURES

The CJ1 comes with all of the advantages that the original Citation Jet offered, but with improvements in economy and performance. Its status as the second generation Citation gives the advantage of using a private jet design that has been tested and modified to exceed the success of the first model – the Citation Jet.

Most owners, are surprised at how comfortable it is. Seats are available for five passengers, and the full-length dropped aisle gives the cabin a roomier feel.
